Dr. Sarah Hallett - *"Beyond Behaviour: Building Connection with Your Child"*

Have you ever found yourself puzzled, frustrated, or heartbroken by a child's behaviour?

In my presentation I will share how every behaviour, no matter how challenging or hard to watch, has purpose.

You'll walk away with a clearer understanding of the common traps we all fall into, practical ways to build real connection through empathy, and insight into how a child's biology determines if they're ready to learn or if they need you to help them feel safe and regulated.

There will be time for caregivers and participants to ask specific questions.
