Parent/guardian engagement funding and initiatives.

Each year, all schools are provided with a \$500 Parent Engagement Grant (PEG) allocation by the Ministry of Education to support family engagement initiatives in their schools. Additionally, the Board receives Parents Reaching Out (PRO) funding from the Ministry to support initiatives that identify and address local parent and caregiver needs and help remove barriers that might

prevent families from engaging fully in their school communities.

In consultation with DSC-PIC, it was determined that the PRO grant funding amount of \$24,500 would be distributed equally by application among schools to further enhance parent/guardian engagement initiatives.
